PERFORMANCE FABRICS

Revolution Fabrics are true performance fabrics woven with 100% Olefin yarn, a Nobel prize winning fiber. These fabrics are inherently stain resistant, exceptionally durable and light fast, yet soft to the touch. They are made from 100% upcycled fiber and have NO chemical treatments.

- ✔ Easy to clean using soap and water, common household cleaners, and even diluted bleach
- ✔ Made from 100% Olefin yarn, they are inherently stain resistant
- ✔ Exceptionally durable and light fast (rated for over 300 hours of lightfastness- far exceeding the 40 hour standard for indoor residential use)
- ✔ No chemical after-treatments of any kind, so there is nothing to transfer to people or pets
- ✔ Fire resistant- passes all the latest state and federal fire resistance guidelines
- ✔ Smallest carbon footprint of any fiber and creates no industrial waste in production
- ✔ Proudly made in the USA
